**INDEPENDENT AUDITOR'S REPORT**

To the Board of Directors  
Wall Street Warfighters Foundation  
Philadelphia, Pennsylvania

I have audited the accompanying statement of financial position of Wall Street Warfighters Foundation (a nonprofit corporation) as of December 31, 2010 and the related statements of activities, statement of cash flows and statement of functional expenses for the year then ended. These financial statements are the responsibility of the management of Wall Street Warfighters Foundation. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted the audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that I plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provide a reasonable basis for my opinion.

In my opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Wall Street Warfighters Foundation as of December 31, 2010 and the changes in its net assets and cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.
